1

[Prince of Wales Northern Heritage Centre](#)

This major multi-vocational institution also houses a museum and a government archival centre. Nestled in the heart of the capital, Yellowknife, it is the custodian of hundreds of thousands of items and archives depicting the culture and history of the territory. The centre is the go-to source for information on all its partner organizations.

Stop

2

[Narwal Northern Adventures](#)

You can spend the night here and take in all of the outdoor and cultural activities that Narwal Northern Adventures can offer such as a dinner-theatre performance on the water, a guided tour by canoe or kayak, a trek on terrain replete with splendour, fishing, a boat tour, a visit to an ice cave, to name a few. You can enjoy this adventure as a family, with friends or as a couple!

Stop

3

[Yellowknife Outdoor Adventures](#)

Yellowknife Outdoor Adventures operates full tilt all year round, be it on Great Slave Lake in the summer for fishing or cruises, on snowmobiles in the winter, or in the middle of Nahanni National Park (a UNESCO World Heritage Site) for sightings of fauna and the Virginia Falls, etc.

Stop

4

[Old Town Glassworks](#)

This glassworks in the heart of Old Yellowknife describes itself as a community of workers and artists passionate about sustainability. Discarded glass bottles are turned into decorative and practical pieces that attract thousands of curious people every year. Visitors can count on seeing creativity on display and receiving a warm welcome!

5

[Old Town Bikeworks](#)

This bicycle repair shop has a very straightforward but very useful mission, which is to give new life to bikes that have been abandoned or are in need of a little TLC! Once the bikes are fixed up, Old Town Bikeworks sells, trades or rents them out. The latter option is preferred by tourists who like to peddle their way down the streets and boulevards as they discover Yellowknife.
